ROOSEVELT COUNTY ELECTRIC COOPERATIVE, INC.
FIRST REVISED RULE NO. 26
Cancelling Original Rule No. 26

IDLE SERVICES

After a service has been non-annual minimum revenue producing for three (3) full calendar years, the Cooperative will contact the property owner by letter to determine if a need for the service still exists. If the service is no longer needed, the Cooperative will remove the facility at its convenience.

After a service has been non-annual minimum revenue pro- for seven (7) full calendar years, the property owner will be contacted by letter and advised that a payment equal to sixty X percent (60%) of the current minimum as taken from the Cooperative tariff schedule must be paid to the Cooperative or the service will be removed. In the case of irrigation, the payment shall be no less than sixty percent (60%) of the X smallest irrigation minimum as stated in Rate No. 3 of the tariff schedule.

Property owner must advise the Cooperative by written authorization of their option of having the service removed or commence payment of the required minimum. This minimum payment will be made a part of the regular billing.
